

Technical Summary Format and Submission Requirements

Thank you for submitting a technical summary to ICDT 2025. Please follow the instruction & guidelines prior to submitting. The format guideline is as follows:

Number of pages allowed for the paper is ONLY 1 page, and the authors are required to narrow down the content of whole paper into one full page summary. All authors are required to upload their technical summary to the online submission system (www.sidicdt.org). Please prepare your paper in both PDF format and MS Word for the submission. We wish to give this Technical Summary a consistent, high-quality appearance. We therefore ask that authors follow some simple guidelines.

The body text of your submission should be 10 pt. Times New Roman, single spaced with an additional 4 points of space at the beginning of each paragraph. However, when typing complicated mathematical text, it is important to increase the space between text lines in order to prevent sub- and super-script fonts overlapping one another and making your electronic version completely displayed.

Figures and tables should appear after where they are cited. Figure captions should appear centered under the corresponding figure and set in 10 pt. Helvetica or Arial Bold. Use the abbreviation “Fig. 1,” even at the beginning of a sentence in the body text. Figures may be full color. All colors will be retained on the USB Proceeding. Figures must not use stipple fill patterns because they may not be reproduced properly. Please use only SOLID FILL colors which contrast well on screen, as shown in Fig. 1.

Tables should be presented in the form shown in Table 1. Table captions should appear centered above the corresponding table and be set in 10 pt. Helvetica or Arial Bold. Wide tables and figures should be placed at the top or bottom of the page that they are mentioned. Not within the middle of a page with text above and below.

Equations are placed in center. If they are numbered, make sure that they are numbered consecutively. Place the numbers in parentheses. Flush with the right-hand margin of the column.

Images in your document should be at least 300 or 600 dpi for quality reproduction and saved as .tif images (or other compatible format that supports print quality resolution). When creating or revising your images for inclusion in the paper, we recommend choosing CMYK (and not RGB) as the color profile.

Please submit a technical summary to <https://www.cvent.com/c/abstracts/4c8c7fb5-0d63-41f0-a354-197860b36fef>

The conference program committee will select three distinguished papers and ten best student papers. The leading author of the distinguished papers will be awarded one-year free SID membership and the leading author of the best student papers will be awarded the bonus.

We wish you the best of luck, and we hope to see you all at ICDT 2025.
